

Curriculum Vitae Europass

Personal Information **Bruno Migliara**

Phone
Fax
E-mail

Date of birth 19.08.1967

Sex Male

Work experience June 2003- Present
Vascular Surgeon at Vascular and Endovascular Unit,
Pederzoli Hospital, Peschiera del Garda (VR) Italy

Education and Training July 2017
Vascular Surgery board certified, at Padua University: "Trattamento delle occlusioni di bypass mediante trombectomia meccanica"

April 2007
Surgical Science Ph.D, at Verona University: "Pazienti ad alto rischio in patologia carotidea: endoarterectomia versus trattamento endovascolare"

October 2002
General Surgery board certified, at Verona University: "Trattamento degli aneurismi viscerali"

June 1997
Degree in Medicine and Surgery, at Pavia University: "Il patch in pericardio bovino in chirurgia carotidea"

Personal skills
Mother tongue **Italian**

Other languages **English and French**

	Comprensione		Parlato		Scritto
	Ascolto	Lettura	Interazione orale	Produzione orale	
English	B2	B2	B2	B2	C1
French	B2	B2	B2	B2	B1

Additional information

EDITORIAL BOARD MEMBER:

- JOURNAL OF VASCULAR AND ENDOVASCULAR THERAPY

FACULTY MEMBER:

- LINC Leipzig Interventional Course 2018-2020 (Leipzig – Germany)
- CHARING CROSS CX Symposium 2018 (London – UK)
- CLIC 2019-2020 (Padua – Italy)
- AMP Europe 2019-2020 (Lugano – Switzerland)
- CIRSE 2020 (Web version)

COURSE DIRECTOR:

- PI.V.O.T. Corso teorico-pratico nella gestione del piede diabetico 2014-2019
- IVUS image interpretation in venous procedures 2017-2020
- Workshop in mechanical debulking by Straub Medical 2016-2020
- International 2-days Workshop on diabetic foot surgery and arterial revascularization by BD-Bard 2019
- Corso teorico-pratico sul trattamento delle sindromi compressive e ostruttive del sistema venoso profondo 2019-2020

CONSULTING for AB Medica, Abbott, BD, Biotronik, Boston Scientific, Cook Medical, Philips, Straub Medical, WL Gore

Principal Investigator :

"A Prospective, Global Multicenter, Single Arm Real-World Registry Investigating the Clinical Use and Safety of the Lutonix® Drug Coated PTA Dilatation Catheter"

Most important publications:

Migliara B, Trentin M, Idone D, Mirandola M, Griso A, Lino M. Neurocognitive changes after eversion carotid endarterectomy under local anesthesia. *Annals of Vascular Surgery* 2013; 27: 727-35

Migliara B, Cappellari TF. A novel technique to create an arteriovenous fistula during total percutaneous deep foot venous arterialization using an IVUS guided catheter. *European Journal of Vascular and Endovascular Surgery* 2018 ; 55 : 735

Migliara B. Treatment of no-option CLI patients (Editorial). *J Vasc Endovasc Therapy* 2018 ; 3 : 15

Migliara B. Totally percutaneous deep foot vein arterialization in no-option CLTI patients. Anatomical and technical key points (Editorial). *J Vasc Endovasc Therapy* 2020 ; 5 : 2-3

Migliara B, Mirandola M, Griso A, Feriani G, Nicoletti C, Lino M. Totally percutaneous deep foot vein arterialization in a patient with no-option critical limb ischemia, scheduled for bilateral major amputation. *J Vasc Interv Radiol* 2020 ; 31(9) : 1505-1507

Migliara B, Cappellari TF, Mirandola M, Griso A, Kolasa K, Zah V, Nicoletti C, Lino M. Treatment of bypass failure in patients with chronic limb threatening ischemia – open surgery vs. Percutaneous mechanical thrombectomy. *VASA* 2020 ; 49(5) : 395-402

Mirandopla M, Griso A, **Migliara B**, Cappellari TF, Giovannini F, Lino M. An italian experience with mechanochemical ablation of the saphenous vein since 2012. *J Vasc Surg Venous Lymphat Disord* 2020 ; 8(6) : 999-1005

Most important conferences (last 5 years):

- **Percutaneous mechanical thrombectomy in a complex by-pass occlusion: clinical case**
LINC 2016 - Leipzig 26 gennaio 2016
- **Mechanical debulking in bypass occlusions – fast and effective!**
STRAUB MEDICAL Lunch Symposium, Charing Cross 2016 - London 27 aprile 2016
- **Mechanical debulking in bypass occlusions – fast and effective!**
STRAUB MEDICAL Satellite Symposium, CIRSE 2016 - Barcellona 10 settembre 2016
- **Deep venous foot arterialization: a new technique for creating the arterial-venous fistula**
LINC 2018 - Leipzig 31 gennaio 2018
- **Totally percutaneous deep venous foot arterialization (PiPeR-technique)**
CLIC 2018 - Mestre 23 marzo 2018
- **Deep venous foot arterialization (PiPeR-technique)**
40° CX Symposium - Londra 25 aprile 2018
- **How to treat chronic DVT with involvement of common femoral vein**
VIP Congress 2018 - Padova 7 giugno 2018
- **PiPeR-technique – An alternative technique for creating arterial-venous fistula during percutaneous deep foot veins arterialization**
CIRSE 2018 Lisbona 24 settembre 2018
- **The syndrome of compression and obstruction of deep veins. The state of the problem and prospects for the treatment**
Endovascular Phlebology Conference 2018 Mosca 17 ottobre 2018
- **Totally percutaneous deep foot veins arterialization. Single Centre experience**
LINC 2019 Innovation Forum - Leipzig 24 gennaio 2019
- **A novel approach to AV reversal**
AMP Europe – Lugano 2 ottobre 2019
- **New different approaches to “no-option” CLI patients: Totally percutaneous vs. Hybrid AV reversal flow**
LINC 2020 Innovation Forum - Leipzig (Germania) 29 gennaio 2020
- **Bypass failure. Clinical and cost effectiveness of mechanical thrombectomy vs. redo-surgery**
CIRSE 2020 BD Symposium - Web version 12 settembre 2020
- **How to deal with edema/swelling after DVA**
AMP Europe 2020 - Web version 12 ottobre 2020
